There's no doubt... Our world is messed up!

Over the past 50 plus years, many of us having personally witnessed many social and moral changes, might agree that it would be justifiable for anyone to say, **"Things seem to be falling apart."** This can be illustrated very effectively simply by quoting a few daily news stories. No one can deny that our society and the world in general, are indeed in a state of turmoil, politically, spiritually, and socially. Many readers might may tend to think of this as a "Doom and Gloom" preaching and admittedly it may come across that way to many readers, especially those who do not know God, or those not familiar with God's "Prophetic Word."

However, the majority of people, who view these things in this way, are people who are simply not paying attention to what is going on right in front of their noses! Either that or they are living in a state of denial. Many people refrain from listening to the daily news saying it is depressing; and yes, it is in fact very depressing! As much as any of us would like to eliminate bad news in our lives, unfortunately, it will always be there. Bad things have been happening for thousands of years and bad things will continue to happen until the Lord returns as the King that the Jews have been expecting all along.

Two Different Points of View...

There are two ways of looking at the things that are happening around us, both the good things, and the bad things. We can look at them from a **"Secular Worldview Perspective,"** or non-Christian viewpoint, or we can view them through the perspective, or filter of God's Prophetic Word, or the **"Christian World View Perspective."** The way we view things makes a huge difference as to how we are affected, both emotionally and spiritually when all is said and done.

People, who continually deny or hide from the reality around them, are unknowingly making themselves more vulnerable in many ways. The Bible tells us that in the "End Times" people will be attracted not to the truth, but rather to what makes them feel good, or that which does not interfere with their personal moral code. This is predicted in the Bible concerning "The End Times," read the following passage:

2 Timothy 4:3-4 (KJV)

³ For the time will come when they will not endure sound doctrine; but after their own lusts shall they heap to themselves teachers, having itching ears; ⁴ And they shall turn away their ears from the truth, and shall be turned unto fables.

What are Those different Points of Views are Pointing to...

Why do you suppose that some modern churches are thriving while others are closing their doors due to lack of interest? There was recently an article talking about the staggering number of fundamentalist churches across the nation closing down! Yet, at the same time, there are many so-called "Mega-Churches" that seem to be busting at the seams! So what is happening... why is it happening? Perhaps we should analyze what these thriving churches are teaching, after all, as Christians, we do want the church to grow don't we? By doing this, you will soon find that while there are many solid bible-based Mega-Churches, you will ultimately find that the vast majority of these popular churches are also what is referred to as "Carnal or Worldly," meaning they favor "Political Correctness" over the Word of God.

To true Christians who cling to God's Word, this indeed can be depressing as they see the Church falling apart in before their eyes. However, in light of **2 Timothy 4:3-4**, perhaps it is really a reason to rejoice! This passage may be interpreted in two ways depending on one's spiritual or emotional mindset. The passage says what it says, and it means what it says; it is a prophetic passage. From a "World View Perspective" this may be interpreted as referring to "progressivism," that the Church is finally catching up to modern society! However, from a Christian, "Biblical/Prophetic" viewpoint, one could say that everything is happening just as the Bible predicted it would!
